- In case of a tie in points at any place in the Apparatus Finals, for qualification for the finals and in the finals, the tie breaking rules will apply according to the FIG/TR.
- If a qualified gymnast is prevented from taking part in AF competition, he can be replaced by the next gymnast from his federation, if his result in QUALIFICATION is better than that of the first reserve
- The reserve will be placed on the starting position of the gymnast he replaces.
- Withdrawals and/or replacements of gymnasts will be accepted within a limit of 30 minutes prior to the competition of the concerned apparatus final, provided that above mentioned conditions are fulfilled. They have to be submitted to Mr. Nikolaos Provias, the UEG/MTC Technical Delegate.
- If more than 8 gymnasts are qualified in one apparatus final, a draw will take place, to determine the starting order.
- If a gymnast competes in two (or more) successive apparatus finals and medals in the preceding final (thus reducing the gymnasts opportunity to return to the warm -up hall prior to the next final), the MTC will adjust the starting order if needed.
- The starting order of the final following the medal presentation will be adjusted accordingly and places 6, 7 and 8 will be allocated to these gymnasts (if necessary).

Apparatus Finals (AF) Juniors

- The Junior apparatus finals will take place following the UEG system, namely two apparatus at the same time, divided into three blocks (floor-pommel horse, rings-vault and parallel bars-high bar);
- The touch warm-up will take place on the podium.
- The following principles will apply for the drawing of lots

I. If there are gymnasts qualified at two apparatus from the same block, they will compete:

- At the first apparatus in the first group (starting order by draw) and
- At the second apparatus in the second group (the same starting order as the first apparatus in order to allow him enough time to rest);
- For instance, one gymnast that will compete 3rd in the first group at floor will compete 3rd in the second group at pommel horse.

II. If there are in one block more than 4 gymnasts qualified for 2 apparatus we will have a draw:

- The first 4 gymnasts from the first group at the first apparatus (valid as well as starting order);
- The starting order of the remaining gymnasts at the second apparatus in the first group, together with the other finalists;
- For instance, 6 gymnasts are qualified for the finals at floor and at pommel horse: 1st draw – finding the first 4 gymnasts from the first group at floor; the same starting order for the second group at pommel horse. 2nd draw – the starting order of the remaining 2 gymnasts at pommel horse in the first group together with the other 2 finalists. The same starting order at floor for the second group. 3rd draw – the starting order of the other finalists at floor for the second group.

III. If one finalist has to be replaced for different reasons after the draw by one finalist who is already finalist in the same block at another apparatus and in the same block number:

- This finalist will keep his position drawn already;
- This finalist will take the 3rd position in another group of the apparatus of the replaced gymnast;
- We will have in this case one group of 3 gymnasts and one group of 5 gymnasts;
- For instance, finalist A at floor in the first group must be replaced by the gymnast B, who is already in the pommel horse final in the first group:
- The place of the gymnast A in the first group at floor will remain free (only 3 finalists);
 - The gymnast B will keep his place in the first group at pommel horse;
 - The gymnast B is the third in the second group at floor (5 finalists).

– The timing for the Juniors' Apparatus Finals is the following:

Inquiries for the difficulty scores are allowed, provided that they are made verbally immediately after the publication of the score or, at the very latest, before the score of the following gymnast is shown. The person designated to receive the verbal inquiry has to note the time of receiving it and starts the procedure.

Only the accredited coaches in the competition area are entitled to submit an inquiry.

Late verbal inquiries will be rejected. A federation is not allowed to complain against the scores of a gymnast from another federation. Inquiries for all other scores (Execution, Artistic) are not allowed.

The inquiry must be confirmed as soon as possible in writing, but within four (4) minutes at the latest after the verbal inquiry and requires an agreement of payment of Euro 300 for the first complaint; Euro 500.- for the second complaint and Euro 1,000 for the third and any further complaints during the event. Should the inquiry not be confirmed in writing within four (4) minutes, the procedure becomes obsolete.

If the inquiry is refused, the amount will be invoiced later on and must be paid within three (3) months. If the inquiry is accepted, no amount will be requested. Every inquiry must be examined by the Superior Jury and a final decision (which may not be appealed) must be taken at the very latest:
