5. PARTICIPATION RIGHT AND ACCREDITATIONS

Senior and Junior Gymnasts holding a valid FIG licence until the end of the competitions, and with the correct age from European Gymnastics and FIG affiliated Federations in good standings, may take part in these European Championships. An individual is entitled to only one accreditation card. If an individual has several valid “accreditable” functions, the highest function is normally selected and the access zones of the functions are cumulated. No substitutes may directly benefit from unused accreditations. The functions of judge and a gymnast cannot be combined with any other function, except for a gymnast who can also act as Head of Delegation.

Maximum Delegation Size

All federations are entitled to participate with either a team composed of 3 to 5 gymnasts, or a maximum of 2 individual gymnasts. The maximum size of each delegation, as per European Gymnastics Accreditation Rules, is as follows:

Function	Junior	Senior	Combined
Gymnasts	5	5	10
Head of delegation	1	1	1
Team manager	1	1	2
Coaches	2	2	4
Doctors	1	1	1
Physiotherapist	1	1	2
Judges*	1	1	2

*Note: see also Point “9. Judging “below for additional information

Additional accreditations are at the charge of the delegations. The costs of these accreditations are as follows:

Additional Coach	EURO 180
Additional Paramedical Staff	EURO 180
Guest	EURO 180
VIP Guest	EURO 250

The cost for additional accreditations must be paid directly to the LOC. An additional invoice will be sent to the concerned NF, including the bank details of the LOC.

Accreditation Application Process

Each National Federation (NF) needs to apply for Accreditation through the Munich 2022 Event Management System (Munich 2022 EMS). All the details on how to access the portal and description of the application process are provided to each NF by the Munich 2022 LOC via the EMS User Guide (view Appendix 2).

The Munich 2022 EMS has opened on **10th February 2022** and will be closed on **04th July 2022** (23:59 Swiss Time). The single point of contact of each NF will receive an email as soon as the Munich 2022 EMS has opened.

Photograph requirements

The photograph must follow the same requirements as for a passport:

- It must be in **colour**, must be a recent and accurate likeness and must not have been altered in any way
- It must be a **front view of your face, head and shoulders (facing forward and looking straight at the camera)**; hats, hair bands or dark glasses must not be worn
- It must show the full head, without any head covering, unless worn for religious beliefs or medical reasons
- With a neutral expression and with the mouth closed
- With eyes open and clearly visible (no sunglasses or tinted glasses and no hair across the eyes)
- Free from reflection or glare on the glasses and frames must not cover eyes (we recommend that, if possible, glasses are removed for the photo)
- No objects, other people, or shadows in the photo
- The **background must be plain and light colour, preferably white** but light blue and light grey will be accepted (NO black, dark blue, red, green, etc.)
- Be clear and in sharp focus
- Be taken within the last 6 months
- Not torn, creased, marked or stamped

Photograph technical requirements

The photograph must adhere to the following requirements:

- JPG format ONLY
- Be vertical orientation
- Have adequate space between face/shoulders and the edges of the photograph
- Should have a minimum size of 100KB and maximum of 2MB
- The face should be at least 300 pixels wide

The digital photograph can be taken with a good quality mobile phone, provided it meets all the passport requirements mentioned above and is taken against a plain clear background in good light.

Details should be entered for all participants of the European Championships Munich 2022. This includes applications for accreditation of additional coaches, paramedical staff and guests for whom the NF will assume the participation costs, as described above.

Accreditation applications without a photo will not be accepted and Accreditation cards will not be pre-printed.

All data submitted by NFs via the Munich 2022 EMS are subject to European Gymnastics' approval and verification.

The European Gymnastics Accreditation Rules will be strictly applied, notably as far as the number of accreditations per Federation is concerned. No further accreditations may be issued. Any additional person is considered a spectator and must buy entry tickets.

Accreditation Cards will not be delivered unless all financial and insurance obligations have been successfully completed.

In addition, each NF **must also** register the full delegation on the **European Gymnastics GymData Online registration system** by the stated entry deadlines for Definitive & Nominative entry (see point 7 below).

Media Accreditations

All media accreditations must be requested via Munich 2022. Links for registration will be provided and communicated by the LOC and European Gymnastics with the media portal and accreditation expected to open in March 2022 (exact date to be confirmed).

The accreditation deadline for media is **30th June 2022**.

10. DRAWING OF LOTS

The gymnasts' drawing of lots will take place after the deadline of the Nominative Registration, on **7th July 2022** at the Head Office of European Gymnastics.

The composition of subdivisions is decided by drawing of lots among the teams and individual gymnasts.

For Juniors, the draw will be open, and will start with the final Subdivision and work its way back to Subdivision 1. As federations are drawn, they will be placed horizontally across the apparatus working in Olympic order. The draw will continue until all federations have been drawn.

For Seniors, the draw will start with the **6 highest ranked European Teams from the Qualification Competition at the Tokyo 2020 Olympic Games**, drawn in the final subdivision and placed horizontally across the apparatus working in Olympic order.

The draw will then continue with the remaining teams and individual gymnasts to complete the final Subdivision and then work its way back to Subdivision 1. As federations are drawn, they will be placed horizontally across the apparatus working in Olympic order. The draw will continue until all federations have been drawn.

11. COMPETITION FORMAT

According to FIG TR 2022, the 2022 European Championships is a qualifying event for the World Championships. For details, see the FIG TR **Art. 5.1.1 Qualifications Pathway to the World Championships**. To be confirmed.

Competition Format

QUALIFYING COMPETITION

Seniors - Qualifying Competition including All-Around Final, plus qualification for Apparatus Finals and Team Final
Juniors - Qualifying Competition including All-Around Final & Team Final, plus qualification for Apparatus Finals

A Senior and Junior team consists of 3 - 5 gymnasts, of which up to 4 compete on each apparatus. The 3 best scores on each apparatus are added together to make the total score for the Team on that apparatus. The NF nominates the team on each apparatus.

If a Federation does not have a sufficient number of gymnasts for a full team, it is possible to participate with Individual gymnasts.

A separate All-Around Final result list will be produced including the 24 gymnasts with the highest ranking obtained. A maximum of 2 gymnasts per Federation will be taken into consideration.

The results from the Senior Qualifying competition will determine the All-Around Senior European Artistic Gymnastics Champion 2022.

The results from the Junior Qualifying competition will determine the Junior European Artistic Gymnastics Team Champions 2022 as well as the All-Around Junior European Artistic Gymnastic Champion 2022.

There will be no separate Junior All-Around final at the 2022 European Championships.

SENIORS & JUNIORS - Apparatus Finals

The 8 highest ranked gymnasts on each apparatus from the Qualifying Competition will qualify for the respective Apparatus Final. A maximum of two gymnasts per federation will be allowed in the finals.

SENIORS - Team final

The 8 best Teams from the Qualifying Competition will participate in the Team Final. The teams consist of 3 to 5 gymnasts, of which up to 3 compete on each apparatus. The 3 best scores on each apparatus are added and make the total result. The NF nominates the team for each apparatus.

RESERVE GYMNASTS:

For the Apparatus Finals, the following number of reserve gymnasts will be designated, by taking into account the respective Apparatus ranking results in the Qualification Competition:

- Three (3) gymnasts per apparatus

If called upon, a reserve works in accordance with the order of the gymnasts replaced. Reserves must be prepared to compete and must be present in the warm-up hall in case they are called upon.

The provisional training, warm-up and competition schedules will be included in the Work Plan.

12. EQUIPMENT

The Manufacturer Supplier will be SPIETH Gymnastics. Please refer to Appendix 1 for the complete List of Apparatus which will be used, including the certified product names and article numbers.

While the Publicity Rule Chart is available on the FIG website under “Rules – Publicity” for additional information, you may also contact ldavila@europeangymnastics.com for further assistance if required.

The team shuttle buses will run according to the training and competition sessions.

Should any member of your Federation have accessibility requirements, please advise of this at the time of booking in the Munich 2022 EMS, under special requests and the LOC will be in contact to discuss arrangements.

NFs who do not stay at one of the official hotels and do not upload arrival and departure information onto the Munich 2022 EMS will not be entitled to arrival and departure transfers.

However, National Federations have to book and pay as usual for all delegation members including all judges, and European Gymnastics will arrange the corresponding refunds for Senior Judges separately.

Hotel category prices are per night/per person (including full board – breakfast, lunch, and dinner – at the hotel, incl. VAT, airport transfer and daily shuttle transfer from the hotel to the competition hall; currently the City of Munich does not charge a city tax).

20. INSURANCE

The Host Federation, the Organizing Committee, European Gymnastics and the FIG will not be held responsible for any liabilities in case of accidents, illness, repatriation and the like. The European Gymnastics and FIG Technical Regulations foresee that all participating Federations are responsible for making their own arrangements to have the necessary valid insurance coverage against illness, accidents and for repatriation for all the members of their Delegation.

The FIG insurance IMSSA (International Medical & Security Sports Assistance) for gymnasts and judges with a valid FIG License / Brevet is valid for these European Championships. Please address to the information on the FIG Intranet.

All other delegation members are NOT included in this insurance and must present a proof of insurance at the accreditation.

Important! All delegation members must have a medical insurance that also covers Covid-19 (this should be specified in the document) in order to take part in the event.

The LOC will verify the insurance upon arrival of the delegation members (e.g. cover note or photocopy of the valid policy in English writing).

The responsibility for eventual quarantine and/or positive Covid-19 cases remains with the National Federation concerned. This includes the covering of all costs.

Delegation members with insufficient insurance coverage will subsequently be offered with insurance at the Federations own charge as follows: 10 Euro per person/day.

21. WORK PLAN

European Gymnastics should issue the work plan to Federations and other persons concerned six weeks prior to the start of the competition.

22. DOPING CONTROLS

Under the supervision of the International Testing Agency, anti-doping controls will be organized according to the valid WADA Code, International Standards and FIG Anti-Doping Rules. The anti-doping controls may take place at any time.

23. OFFICIAL HOSPITAL

The official hospital of the European Championships Munich 2022 will be communicated in the Work Plan.

25. COVID-19

Depending on the development of the COVID-19 situation, European Gymnastics and the LOC reserve the right to take additional decisions for this matter and to publish an update of these directives.

If still applicable for August 2022, COVID Guidelines for the event will be published in due time before and it is the responsibility of the NF that all of their delegation members commit to fully respect these.

Should the event have to be cancelled at a later date, the LOC will try its' best to handle the force majeure situation. However, the financial responsibility for all bookings (travel, accommodation, meals) remains with the NF.
