WGYM Accreditation Rules must be strictly respected and applied, particularly regarding the number of accreditations and **Transferable Access Cards (TACs)** allocated per federation.

Accreditation serves to:

- Identify individuals in good standing from WGYM-affiliated federations participating in the event
- Define and indicate each individual's access rights to specific zones according to their role and responsibilities

All participants and officials are required to wear their accreditation card at all times.

The accreditation card is:

- They must be used **together with a valid personal accreditation card**.
- **Lost or stolen TACs will not be replaced.**

Lost or stolen transferable cards shall not be replaced.

- **No additional accreditations** will be issued without **prior approval from WGYM**, particularly for changes made **after the online nominative registration** (refer to section #8 of the directives).
- Accreditations will only be delivered once all financial, organizational, and insurance obligations have been fully met.

- Delegations choosing to complete the accreditation process at a later time will be assisted by the LOC as soon as possible. However, **priority will be given** to delegations that:
 - o Arrive at the agreed time
 - o Have fulfilled all financial obligations in advance

A schedule to complete accreditation will be produced and shared by the LOC with all delegations to guarantee a smooth distribution of the accreditations.

Federations are responsible for the proper and timely appearance of their gymnasts at press and media opportunities, such as the mixed zone and press conferences. Any federation whose gymnasts do not appear as stated above will be fined for each infraction. The amount of the fine has been fixed by the WGYM Council in 2002 at CHF 2'000.-.

Cooperation with the press is most appreciated. To assist gymnasts to talk to the press, each participating federation may ask for one Mixed Zone Card, which allows staff to accompany gymnasts on the gymnasts' lane of the mixed zone. The cards are distributed onsite by the WGYM Media staff.

Gymnasts' images for improved sports presentation

The WGYM has developed a system that allows us to use gymnasts' profile photos for improved sport presentation during our World Championships.

The images will be shown on the scoreboards and video screen in the competition hall, during the TV broadcast and on the https://www.gymnastics.sport/site/gymnasts/bio_view.php as part of the gymnasts' biographies.

In order for us to promote your gymnasts and sponsors in the best possible way, an official and compulsory athlete photo session for all gymnasts will be organised during training days on **2 and 3 November**.

Photos will also be taken from the discipline's teams which will compete in the various Team events (TRA, DMT and TUM both Men and Women), we therefore ask the respective teams to come by team at their dedicated photo session times.

LOGO

The World Championships logo centers on the posture of an athlete fully stretched at the highest point in the air, freezing the winning moment of challenging gravity and symbolizing the world's top gymnasts' conquest of absolute height. The surrounding dynamic lines converge toward the center, simulating the extreme tension of a trampoline and implying that global attention is focused on Nanjing, where top talent compete. Deep blue and glorious gold are abstractly integrated into streamlines of the Yangtze River and Nanjing Yunjin brocade, intertwining the profound heritage of the ancient capital of six dynasties with the modern passion of the event. Minimalist geometric cuts reinforce power and precision, conveying that these World Championships are not only a peak showdown but also the ultimate stage for global trampoline elites to be crowned with glory.
